RE: Protecting American's Living Abroad Interests and Rights – US Department of State non-Compliance with the Convention of Consular Relations, 7 FAM & CFR 22

Dear Congressman,

Please find enclosed information and recent correspondence sent to the American Embassy in Bern as well as Mr. Kennedy, Mr. Pettit, and Ms. Namde at the US Department of State on behalf of Ms. Jannah Sims and her son Malik Andina.

Additionally enclosed is my letter to you last year regarding the failure, and refusal, of American Consulates around the world to comply with US Department of State guidelines, US law, and international law in protecting and defending the interests and rights of American women and children involved in judicial proceedings abroad.

If you should have any questions regarding the matter of Ms. Sims or the issues involved from a broader perspective, I remain at your disposition and can be reached at my email address [Quenby@global-xpats.com](mailto:Quenby@global-xpats.com).

Sincerely,
