The Honorable Barbara Boxer
112 Hart Senate Office Building
Washington, DC 20515
Tel.: (202) 224-3553

November 24, 2015

Dear Senator Boxer,

I am contacting you regarding the case of your constituent Mr. James Ryan, and the failure of the Japanese government to comply with national and international law in regards to the continuing denial of life-saving treatment to his son, Jimmy Ryan, a minor American child in Tokyo.

I have recently been in contact with Mr. Ryan in regards to the horrific attempts upon the life of his child, and subsequently upon the life of Mr. Ryan in retaliation for his efforts to obligate authorities to investigate the attempted suffocation of his child on Dec. 28, 2007, by attending doctors at a Japanese military facility, Bōei Ika Daigakkō Hospital.

The alleged suffocation of the minor child occurred just four days after Mr. Ryan announced his legal obligation to report multiple schemes of conspiracy, fraud, coercion, and scientific misconduct by eminent scientists at [Kobe Japan \(Riken\)](http://www.kobe.riken.jp/en/)¹ – providing means, motive, and opportunity for said crimes.

It is absolutely unconscionable that the American Consulate and Embassy in Tokyo has not strenuously protested to the failure of Japanese authorities to rigorously and without delay investigate Mr. Ryan's allegations (of attempted murder as well as its cover-up by Japanese authorities). The fact that the American Embassy in Tokyo has categorically, and continuously, persisted in refusing to assist Mr. Ryan's request for assistance under Code of Federal Regulations (CFR22, art. 71.1, 71.6, §10.735–215, §101.3(b)), US Code (22USC, art. 2715a & 3904(1)), US Department of State Foreign Affairs Manual (7FAM, 1930's), and Convention of Consular Relations (art. 2, 5 & 38), renders them complicit to the human rights violations against Jimmy Ryan.

I have previously been in contact with your office regarding another of your constituents, who is also facing violation of her and her child's rights in foreign courts, with her Embassy and the US Department of State grossly negligent in their duties and obligations to assist and protect. The refusal of American Consulates around the world to fulfill their obligations towards American

¹ <http://www.kobe.riken.jp/en/>

citizens living abroad is an on-going problem, and one which is producing vast amounts of potential law-suits against the American government for flagrant and rampant human rights violations – under their obligation to protect (*Gonzalez Lenahan vs. USA*, 2011 Inter-American Commission on Human Rights).

Please find enclosed a copy of the email Mr. Ryan sent to your office on Monday, November 23, 2015, in which he solicits your immediate insistence with the US Department of State in assuring that Jimmy Ryan, an American minor child, receives the life-saving treatment he so desperately needs. I hope that you will comply with Mr. Ryan's request and assure that the US Department of State take immediate action in assuring that Mr. Ryan is provided will ALL assistance required and requested.

I thank you for your interest in Mr. Ryan's case and the plight of his child. The prolonged pain and suffering that this family has had to endure in efforts to save their child is atrocious. **But, the inaction of apathy of the American Consulate and Embassy in Tokyo is not only atrocious, but is a human rights violation, in and of itself.**

Thank you in advance for your time and consideration. If you should have any questions, please do not hesitate to contact me at quenby@global-xpats.com or (202) 213-4911.

Sincerely,

A handwritten signature in blue ink that reads "Quenby Wilcox". The signature is written in a cursive, flowing style.
